

## Company Profile

The audius ICT group was founded in 1991 and operates with around 700 employees at over 20 locations worldwide with a focus on the DACH region.

The portfolio comprises 3 business areas: IT services, software/cloud with customized solutions for public clients, SMEs and international corporations, as well as mobile communications with a focus on network infrastructures and the development and expansion of the 5G network.

The strategic goal is to grow both organically and through acquisitions.
